

**President's Message**

Welcome players and parents to another exciting year of baseball. Since 1958, we have provided our children in the community a place to learn and the play the great game of baseball. Being involved in the Vancouver Minor Baseball Association for many years, I have witnessed the program successfully grow into a quality baseball organization for the children in our community. This year for the first time we will be offering a Bantam program for players born in 1994/1995. I'm quite sure this program will be a success and hope to see all the players from those years out playing for our League once again Thanks to all the volunteers, past & present who have made this happen. Without your support, we would not be where we are today. Regardless if you are a returning player or playing in our league for the first time, I believe you will find this season to be fun and rewarding. Good conduct and sportsmanship among players, coaches, and spectators is the most important lesson gained from playing at Vancouver Minor Baseball. Let's pledge to have an enjoyable season.
